

Physician Ownership Disclosure

45 Groover Loop, Suite 100
St. Augustine, FL 32086

This ambulatory surgery center was established by physicians with the goal of better serving patients in a setting designed to emphasize patient safety, reduced exposure to infections and other complications, shorter wait times, and more personalized care provided by our clinical and technical staff. Their commitment reflects an investment in both high-quality care and an efficient, patient-focused environment.

Federal law requires that patients be informed when physicians have a financial interest or ownership in a healthcare facility. Some of the physicians who refer patients to this ambulatory surgery center or perform procedures here have an ownership or financial interest in the center.

The purpose of this disclosure is to support informed decision-making by ensuring transparency regarding physician ownership. You are encouraged to discuss any questions or concerns with your surgeon, including the option of having your procedure performed at an alternative healthcare facility, if you wish.
